

Good Morning, I have attached the final instructions for tomorrow. We are excited to host you. The obligation of safety to yourself, your family and everyone around you belongs to EVERYONE that attends tomorrow. Early Saturday morning, we will turn on submissions for our Covid-19 questionnaire and it must be submitted and accepted before entering the facility. The form can be found here: <https://forms.gle/je15gnmd6nKqDEhb9> . From here on out, DLProTiming.org will have all information necessary for this event including access to the same covid questionnaire. As a reminder, anyone with temps of 100.4 and higher or exhibiting signs of other symptoms should not attend tomorrow under any circumstances. Any runner or spectator this is subject to quarantine from their school or for any other reason should not attend. This is regardless of showing symptoms or not.

If you know that you will not be attending, please send me an email at DLProTiming@gmail.com . This will help our volunteers and timing crew tremendously.

Tomorrow has the opportunity to be one of the best experiences of the cross country season for all involved! Please don't blow it with selfish and concerning behavior.

Thank you,
Dave Lustig
